

QUALITY POLICY

PT BUKAKA TEKNIK UTAMA aspires to become a leading and globally recognized integrated company in the fields of Engineering, Procurement, and Construction (EPC), Energy, and Investment, with a steadfast commitment to:

1. Provide excellent products and services, as well as ensuring project completion and delivery on time, with the right quality, and in compliance with all applicable requirements and regulations.
2. Deliver reliable and environmentally friendly energy solutions.
3. Provide transparent, safe, and trusted investment services for business partners.
4. Implement and develop a Quality Management System effectively, in a controlled manner, and continually.
